

# Daniel

Name: Daniel      Age: 1 year  
Village: Kayunga      Diagnosis: Spina Bifida,  
Hydrocephalus

Daniel is a baby with spina bifida and shunted hydrocephalus. His mom, Esther, is a young woman who also has spina bifida. Esther was unfortunately raped and wanted to discard of Daniel when he was born, knowing she could not care for him independently. A neighbor connected Esther with Home of Hope and she began receiving community visits. It was recognized that Daniel needed a shunt placed for his hydrocephalus, so Home of Hope and Our Hope stepped in and provided. Following that surgery, Esther and Daniel came to live at Home of Hope so that the staff can teach Esther how to care for Daniel appropriately.

Sponsorship for Daniel provides for his daily needs, including meals, clothing, checkups, medications, nanny care, physical and occupational therapy sessions and any other needs he may have. The cost is \$45 per month payable via Paypal, Venmo or check. Sponsorship updates on Daniel throughout the year and following Our Hope's annual trip to Uganda.

If you are interested in sponsoring Daniel, please go to our Store/Donate Page and choose the 'Child Sponsorship' option. Please list Daniel's name in the comment section.
